## **Notice- Completion of Share Acquisition of Ultimate Technologies Inc.**

Katolec Corporation announces that on May 24, 2023, it entered into an agreement to acquired 83.7% of the shares of Ultimate Technologies Inc. (Head Office: Japan Nagano Prefecture, President: Satoshi Utsumi, hereafter referred to as " UTI ").

UTI will continue to improve our technical services to our customers and work for further business growth as a member of the KATOLEC Group.

### **Purpose of Share Acquisition**

Our EMS business has 12 factories in 9 countries around the world, and provides total support from electronic device design to material procurement, manufacturing, and logistics. We provide high-quality electronic equipment manufacturing services in various fields.

UTI, on the other hand, provide seamless services, specializing in the proposal, analysis, design, and evaluation stages of product development. we have strengths in circuit design, simulation, and analysis technology, and have many achievements in development related to advanced safety vehicles.

By combining the strengths of both companies, we will strive to strengthen our integrated manufacturing services, from the initial stages of product development to prototyping, mass production design, and manufacturing.
